

PLANNING THE PROJECT

THE CHURCH IN SANTO DOMINGO ALREADY OWNS A PIECE OF LAND, WHICH COULD BE USED FOR THE PROJECT.

CRAFT AID HAS APPOINTED 2 VOLUNTEERS TO ESTABLISH THE PROJECT AND WORK THERE FULL TIME FOR 1-2 YEARS.

A potential building...

The piece of land that is already available would be a fantastic resource for the project. It includes a couple of great structures that could be used as an office and workshop 3 days a week, disabled toilets and showers, an outdoor sink perfect for screen washing and other crafts, and enough land on which to build a paper-making and screen printing workshop.

Our volunteers...

Lydia and Mark Trezise are the two volunteers that we will be sending out. They will work with the church's charity, Vida en Abundancia to help establish the project. We will be training them and sending them through CMS (The Church Mission Society). During her degree, Lydia volunteered at Neema Crafts Centre in Tanzania and this ignited her passion to use jewellery as a tool for social justice. At the project Lydia will take care of design, training and manufacturing, and Mark will take care of admin and social media.
